9. 8-gauge hinge leaf, 5/16"brass hinge pin, 3/4" receiver.

GAUGE US BY OUR GAUGE **12-GAUGE** IS SUPERIOR

How strong is 12-gauge steel? The chart below should help give you an idea of just how strong we are.

- 12 Gauge (.105")
- 14 Gauge (.075")
- 16 Gauge (.060")
- 20 Gauge (.036")

ABOUT **STRONG HOLD PRODUCTS**

DURABILITY IN THE WORKPLACE

Strong Hold's production team is dedicated to providing the most durable cabinet available today. 12-gauge steel is sheared, formed, welded, steam-cleaned and then painted to produce a solid, strong and dependable cabinet. Our product is designed to withstand years of industrial abuse and tough treatment.

EASY TO BUY

Our production methods allow us to pass savings on to you. Strong Hold cabinets are comparably priced to competing "light gauge" steel cabinets, yet provide a far superior, lasting product. There are no minimum order quantities at Strong Hold.

FULLY **ASSEMBLED**

Our products are shipped completely assembled and ready to use. There is no lost time for shelf installation or setup.

SAFE AND **SECURE**

Our three point locking system is designed for a heavy padlock. This feature, along with our cast handle and 8-gauge hinge, compliments the 12-gauge welded body design.

KNOWLEDGEABLE **SERVICE TEAM**

If you should have a question, our staff of sales professionals will be glad to assist you. Call 800-880-2625.

QUALITY POLICY

Strong Hold Products is committed to achieving total customer satisfaction. Implementing and maintaining an efficient, effective quality management system can aide us in achieving this goal. This can be accomplished through the continuous improvement of our manufacturing process, ongoing training of our employees and dedication to understanding our customers' needs.

OUR **GOAL**

In 1993, we set out to design the ultimate industrial storage product. Our vision was to manufacture a product capable of withstanding the treatment common to an industrial environment. Included in this vision was the need to securely store heavy tools and valuables. Strong Hold Products is the realization of this vision. Our storage cabinets, lockers, shop desks, and related products are the strongest, most secure in the marketplace. Our products can be found in manufacturing, warehousing, pharmaceutical, financial, and educational facilities throughout the U.S. Our determination doesn't stop here. We continue to meet the ever changing needs of the most important people we know, our customers!

HELPFUL **HINTS**

DIMENSION LISTINGS

Dimensions given are outside unless otherwise stated and are rounded to the nearest inch where appropriate.

QUICK SHIP

Most products are available on a "quick-ship" basis

◆ **indicates stock items**

Most Stock items ship within 48 hours

Limited supply on larger quantities

LOAD CAPACITIES

Load capacities listed in the charts are based on uniform loading.

CABINET DESIGN

The term "all-welded" indicates that the products are not bolted/riveted together. These products are welded and ship fully assembled and ready to use.

PAINT **OPTIONS**

STOCK COLOR

Our stock color is #10 Dark Gray. Eight other color finishes are available for an additional charge. See chart. Metallic Silver (#95) is also available upon request. (not pictured)

ANTIMICROBIAL PAINT

Designed primarily for beverage, food and pharmaceutical applications, while providing a level of cleanliness and protection between scheduled cleanings. This compound is inorganic. While incorporated at the point of manufacture, the additives are a permanent part of the ingredient in the paint. It is odorless, tasteless and colorless, the additive will not leech out or evaporate, allowing them to continuously fight the growth of microbes. There is an additional charge for this paint process.

FINISH COAT PRESERVATIVE INTERSEPT

Strong Hold Products now offers paint that contains the preservative Intersept, which protects the cured paint film from bacteria, mold and premature deterioration due to their presence. There is an additional charge and lead-time for this finish. For more information please visit http://www.interfaceflooring.com/products/diversity/performance/intersept.html

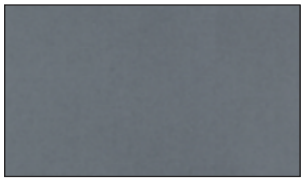
POWDER COAT FINISH

Powder coating has become a very popular process for paint application. Strong Hold Products' powder provides a durable finished product. Product life is extended with our powder by providing excellent color retention, chemical and abrasion resistance. Coatings are consistent and environmentally safe.

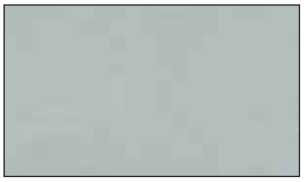
At an additional charge our standard dark gray color is available for powder coating. This special finish will require longer product delivery times.

ADDITIONAL COLOR **OPTIONS**

#10/Dark Gray



#20/Medium Gray



#30/Steeltone

#60/Signal Red

#70/Buff

#40/Dark Blue

#50/Safety Yellow

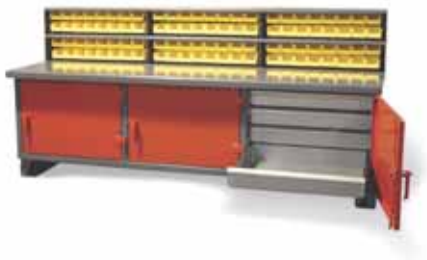
CUSTOM COLOR CABINETS

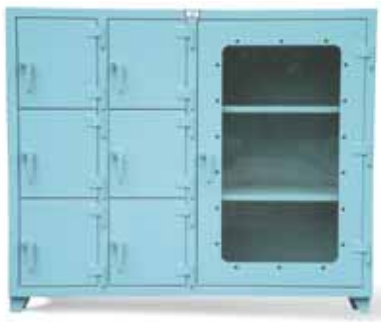
CORPORATE COLORS

Our products may be painted to compliment your plant's interior or your corporate colors, making your facility a cleaner, more attractive place to work.

TEAM COLORS

Let the world know who you root for by ordering your storage product in the team colors of your choice.





STANDARD CABINETS

THE ORIGINAL CLASSIC

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold's all welded EXTRA HEAVY DUTY storage cabinets are the smart way to store equipment. Manufactured from 12-gauge steel, these cabinets have all the Strong Hold features to last a lifetime.

These features include adjustable 14-gauge shelves with up to 1900# capacity each and can be adjusted in 2" increments. The three-point locking device, includes a hasp built into the handle for use with a padlock. The 7-gauge legs are welded on to provide mobility in lifting in order to move from one area to another.

OUR NUMBER ONE SELLER:

FLOOR MODEL

YOU HAVE MADE THESE OUR BEST SELLING CABINETS. These heavy duty 12-gauge steel models provide protection for valuable tools and machine parts. These cabinets are built for "rough and tough" industrial use. More shelves can be added for versatility.

BIN CABINETS

A PLACE FOR EVERYTHING

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

FLEXI-CUBE BIN STORAGE CABINETS (POLYPROPYLENE)

Strong Hold Products has taken their heavy duty storage cabinet a step further with this all-welded bin storage unit. Organize, store and secure small parts in these 12-gauge steel bin cabinets. These bin storage cabinets meet virtually every need for organization and security. With a 3-point locking system, padlock hasp, and sturdy 7-gauge legs, these cabinets are designed for industrial environments.

The yellow bins are constructed of polypropylene and have a hopper front with label holder. They can be removed for easier part selection and restocking. As seen on the following pages, we offer a variety of bin cabinets. We recommend that these cabinets be anchored to your floor or wall.

JANITORIAL CABINETS

THE CLEAN SWEEP

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold's wardrobe cabinets can be found in many different environments throughout the industry. These cabinets are partitioned. One side has a hanger shelf for overalls and jackets, and an upper area for hats. This shelf can be ordered without the hanger by adding "LR" to the hanger shelf part number. The other side allows for storage of heavy material and tools. You can rely on the three-point latching system provided for extra protection.

WARDROBE CABINET WITH SEVEN DRAWERS

This wardrobe-style cabinet also offers plenty of storage space for anything you need to put in it, from tools, long-handled equipment, or any personal items. This has a hanger rod that allows you to hang any personal items up and out of the way with a shelf above the hanger rod. This also features adjustable shelves and four 3" high drawers and three 4" high drawers. As with any cabinet you can personalize it to fit your needs. You can also add the peg board option to this one as well, just add the "PB" at the end of the part number.

SHOP DESKS

THE WORK MATE

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold's all-welded shop desks are made from heavy duty 12-gauge steel and are designed to last. Our shop desks are commonly found in assembly areas, maintenance departments, warehouses and on shipping and receiving docks.

Strong Hold's shop desks feature a three-point lock system, wrap around design, 3/16" steel legs (with 6" sweep space) and shelves that are secured by 3/8" carriage bolts. These features, along with an industrial enamel finish, produce a solid, strong and dependable desk.

Our goal is to meet your needs in providing storage solutions. If you do not see the shop desk that suits your application, many other features are available on a custom fabrication basis. For more information, you can call one of our sales professionals at 800-880-2625 or you can visit our website at www.strong-hold.com.

Strong Hold®

TOOL CARTS

TOOLS IN MOTION

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold's roll-around tool carts and mobile work stations keep valuables safe. Their rugged design makes these cabinets the ideal maintenance work stations on wheels. These feature a 7-gauge work top with side and back guards to prevent tools and parts from falling off. Several different drawer and shelf configurations are available. Each drawer holds up to 400 lbs. The combination of 6" high swivel and rigid casters with 2" wide mold-on rubber wheels makes maneuvering easy and can withstand a 2000 lb. load. A floor lock comes standard. A handle is provided for steering.

SERVICE CARTS

READY TO SERVE

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold's all purpose carts make mobility of heavy machine parts and tools from shop to assembly areas easy. Uprights are made from 2" x 2" x 1/4" angle, with 12-gauge shelves. The shelves have a 3" lip on all sides to prevent material from slipping off. A handle is provided for steering. The sturdy 6" high swivel casters with 2" wide mold on rubber wheels on 36" wide units, and polyurethane wheels on 48" wide units, make maneuvering easy and can withstand a 2000 lb. load. These come available in two sizes with two and three shelves available.

COMBINATION MANUAL/TOOL CABINET

These combination cabinets offer flexibility to store manuals as well as tools. They are ideal storage solutions for maintenance, plant or warehouse areas. The top half of the cabinet features three adjustable shelves. One is a standard shelf and two are slotted with metal vertical dividers. Extra dividers may be added. This cabinet has a welded 12" deep extended shelf in the center for tool repairs or a desk top. The lower compartment has one adjustable shelf and has a three-point lock system to secure your tools and other valuables.

STAINLESS STEEL

THE STAINLESS SOLUTION

ALL-WELDED DESIGN IS BUILT TO BE A TRUE SURVIVOR IN TODAY'S ROUGH AND RUGGED MANUFACTURING ENVIRONMENT

Strong Hold has taken the same quality that stands strong in our 12-gauge hot-rolled steel and incorporated it into the 12-gauge, #304, stainless steel. The adjustable shelves with up to 1900 pound capacity, shelves adjusting on 2" centers, three-point locking system and 7-gauge welded legs produce the strongest storage product available in the market today. We have perfected stainless steel storage by producing products that will last a lifetime. These items are corrosion-resistant, acid-resistant, and will take the everyday abuse in an industrial environment. These units can be found in medical, pharmaceutical, automotive, electronics, textile, breweries, marine facilities, restaurants, etc. Custom ideas are welcome. Call today to see what awaits you in the world of stainless steel storage.

WARDROBE CABINET

Our stainless steel wardrobe cabinets can be found in many different environments throughout the industry. These cabinets are partitioned. One side has a hanger shelf for overalls and jackets, and an upper area for hats. This shelf can be ordered without the hanger by adding "LR" to the hanger shelf part number. The other side allows for storage of heavy material and tools. You can rely on the three-point locking system provided for extra protection.

ERGONOMIC CHAIR

Contoured polyurethane cushions combined with adjustable components provide comfort while sitting for long periods of time. The dense foam material has passed the Federal Motor Vehicle Safety Standard 302 Flammability test. The seat measures18 1/4" wide x 17" deep x 1/1/2" thick. The urethane backrest measures 16 3/8" wide x 12 1/4" high x 1" thick. The base is equipped with a 20" diameter foot ring and comes with urethane wheel ball bearing casters. The color is black and the weight is 34 lbs.

Product Number CHR-BT-POLY

ERGONOMIC CHAIR

Exceptional quality chairs are built for a long life. The waterfall seat measures 18 1/2" wide x 17" deep x 3" thick and swivels 360 degrees. This chair is equipped with a lumbar support pad back that measures 14 1/2" wide x 9 1/2" high. The lumbar support is 4" high. The base is equipped with a 20" diameter foot ring and comes with urethane wheel ball bearing casters. The color is black and the weight is 34 lbs.

Product Number CHR-BT-VINYL

ERGONOMIC SIT STAND

Product Number CHR-BT-URET

ERGONOMIC SIT STAND

Each of these sit stands feature a pneumatic seat height adjustment, a forward-tilting seat mechanism (0° - 6° angle) and a self-skinned urethane seat featuring a built-in handle and ventilation ribs. The seat height adjusts from 22"-29" on product number CHR-BT-URET and from 25"-35" on CHR-BT-URET/PED. The seats measure 13" x 13" and the metal parts have a standard powder-coated finish. The base on the CHR-BT-URET is five-legged tubular steel with 23" leg spread, 20" diameter attached foot ring and non-skid glides. CHR-BT-URET/PED base is a 23" diameter round trumpet base of durable cast aluminum.

Product Number CHR-BT-URET/PED

TERMS AND **CONDITIONS**

WARRANTY

Strong Hold Products warrants all goods of our manufacture to be free from defects in material and workmanship under normal use and service. Any goods found to be defective, upon examination by us, within 12 months from date of shipment, shall be repaired or replaced by us without charge, FOB factory within the continental United States. All export taxes, fees and duties occurring from warranty shipments beyond the continental United States will be the customer's responsibility.

This warranty shall be null and void and of no effect unless we are notified of such defect, all within 12 months from date of shipment. Such notification shall be directed to the office of **Strong Hold Products**. No goods shall be returned without prior written approval.

Explicitly excluded from this warranty are: special finishes and labor required to remove and/or reinstall original or replacement parts.

This warranty does not cover damage caused by improper installation, overloading, accident, improper storage, or neglect, alterations, modifications, or additions.

Strong Hold Products warrants the items purchased from other manufacturers only to the extent of the normal warranty of these manufacturers.

The above warranties are given in lieu of all other warranties express or implied, including without limitation, the warranty of merchantability and the warranty of suitability for a particular purpose. It is expressly agreed that **Strong Hold Products** assumes no liability for liquidated damages arising out of a breech of contract, including any warranties arising therefrom, and buyer's remedy shall be limited to repair or replacement of defective parts as described above.

QUOTATIONS

Prices quoted are subject to receipt and acceptance of order within 30 days of the date of the quotation unless otherwise noted on quote.

TAXES

Strong Hold Products reserves the right to add sales tax, or any other tax, which may be imposed on our products, as required by law. All shipments into the State of Kentucky will carry the current state sales tax unless a resale certificate for the State of Kentucky is on file at **Strong Hold Products**.

TERMS OF PAYMENT

Payment terms are net 30 days to established customers. New customers must furnish credit references before credit can be issued. A credit line will be based on credit reference information received by **Strong Hold Products**.

CANCELLATIONS

Written consent from **Strong Hold Products** must be obtained prior to the cancellation of any order. Cancellation charges may apply.

RETURNED GOODS

Prior written authorization from **Strong Hold Products** must be obtained before credit on returned goods will be given. Returns shall be subject to a restocking charge and must be returned to **Strong Hold Products** freight "prepaid".

LOSS OR DAMAGE IN TRANSIT

Strong Hold Products shall not be liable for loss or damage in transit. The following steps must be taken to ensure proper handling of loss or damage claims:

1) Products received freight prepaid must be checked against the packing list to ensure all items were delivered. In case of shortages, note on the carrier's paperwork "Shipment Received Short". If shortage is not discovered upon receipt from carrier, **Strong Hold Products** must be notified of shortages within 24 hours of receipt to ensure a claim for loss can be filed. Shortages reported later than 24 hours carry no guarantee of replacement/credit.

2) Products received freight prepaid must be checked for damage upon receipt. In the case of damage observed upon delivery, note on carrier's paperwork "Received with Damage". Contact **Strong Hold Products** immediately. In the case of concealed damage, **Strong Hold Products** must be notified within 24 hours of receipt in order to report concealed damage to the carrier. Failure to report concealed damage within 24 hours may result in loss of repair costs/replacement of product.

3) Products received freight collect must be checked for damage upon receipt. In case of damage observed upon delivery, note on carrier's paperwork "Received with Damage," **Strong Hold Products** will not be responsible for any damage or loss on collect shipments. Freight claims rest solely with the consignee.

DELIVERIES

Delivery dates are estimated dates only, and unless otherwise specified, are estimated from the date of receipt by **Strong Hold Products** of purchase order, complete technical data and approved drawings.

In estimating such dates, no allowance will be made, nor shall we be liable directly or indirectly, for delays of carriers or delays from labor difficulties, shortages, strikes or stoppages of any sort, fires, accidents, failure or delay in obtaining materials or manufacturing facilities, acts of government affecting us directly or indirectly, bad weather or any causes beyond our control or causes designated as Acts of God or forces of nature by any court of law, and the estimated delivery dates shall be extended accordingly. We will not be liable for any damages or penalties, whatsoever, whether direct, indirect, special or consequential, resulting from our failure to perform or delay in performing unless otherwise agreed in writing by an authorized officer of **Strong Hold Products**.
